

CEBIT 2010

Guided Tour

During the international brokerage event “Future Match” at the CeBIT 2010, the Brussels Enterprise Agency (BEA) will organize company missions to the « Software in Brussels » Booth in hall 6. More than 14 Brussels-based companies active in the software industry will be presenting their innovative solutions.

These software companies are mainly specialized in :

- 3D gesture recognition
- Accounting and business administration
- Analytical business intelligence
- Business semantics
- Customer relation management (CRM)
- Real estate solution
- Insurance/legal application
- Java certification community
- Mobile business applications
- Text mining
- Geolocalization
- Video collaboration

The catalogue of exhibitors will be available soon.

Participants will have the possibility to visit the joint booth of the Belgian companies and get in contact with the exhibitors of the Brussels Capital Region. The guided tour will be held in English and will be carried out together with the respective regional Enterprise Europe Network partner.

All participants will receive a portfolio of information about the exhibitors and their offers in advance. Furthermore, the participants will have the possibility to exchange expressions of interest and arrange further meetings.

It will take place at 4 p.m on a daily basis or on arrangement. Participation is free of charge. For registration and further information please contact :
